

STERIS Vividimage® 27" 4K Surgical Display

RLM274K

In the operating room, the quality of Surgical Video is vital. The incredibly bright detail, color, and contrast of the STERIS 4K surgical display with optically bonded glass increases depth perception and allows physicians to appreciate more anatomical details than ever before.

- No open vents that may collect dust and bacteria
- No loud fans to distract staff and blow around debris
- Impact resistant glass
- Medical-grade power
- Built-in microphone

COMPATIBLE WITH
HEXAVUE
